Blended Learning Through Blended Reality

By Linda Bush, Ph.D & Palak Bhandari
Smarthinking/Pearson & Bryn Mawr College
Format - 80 minute workshop time

Description of HoloLens and field today (5-7 minutes)

Virtual Reality vs. Augmented Reality (5-7 minutes)

Demonstrate HoloLens Apps (5-7 minutes)
  - Palak to upload 3D Objects to OneDrive for HoloLens

Divide into groups and explore with HoloLens (60 minutes)
What is the Microsoft HoloLens?

- Mixed, or augmented, reality device
- Untethered wearable CPU
Virtual Reality

- Creates 3D simulated environment
- Isolated experience

Augmented Reality

- 3D environment that coexists alongside reality
- Allows interaction with others and with surroundings
HoloLens Applications
