PALESTRINA CHOIR SINGS
IN FIRST MONDAY CONCERT

Choral Music from Tenth Century to Cesar Frank Illustrated

The Palestrina Choir of Philadelphia gave the first of its Monday evening concerts in Taylor Hall, last night, upon the "Development of Music." Mr. Monnani conducted the choir, while the solo artist, short talk, followed by singing of the choir.

Mr. Montani began with a historical sketch of the development of Choral Music and a descriptive analysis of the works to be performed. He then led the singing of Palestrina's "Ave Maria," the psalmody of eighty voices. Mr. Nicola A. Montani is a composer as well as a conductor. The idea of the recital was to illustrate church music from the tenth century, using the old organum and descant, singing the Gregorian Chant in antiphonal style according to the traditional custom of the Church in the sixteenth century, the high-tide of polyphonic music, with examples from the productions of Palestrina and Arcadelt, to the modern Italian, Russian and Belgian composers, as by Verdi, Ravel, G. Mahler, Tchaikowsky and Cesar Franck. An organ accompaniment was, of course, improvised during the concert by a composer who has accompanied Mr. Albert J. Peet at the piano. The choir had been three customarily Palestrina choirs, and looked very impressive standing on the platform especially constructed for them. This rehearsal was a solo from one of the Italian folk songs, the purity, variety of expression and volume of his voice being of a piece with the general excellence of the recital.

SETTING OF SECOND SCENE AND MUSIC PRaised

The sophomore class presented William Butler Yeats' lyrical drama, "Countess Cathleen," in the Gymnasium on Saturday evening, November 25, in honor of the Class of 1922.

The production, which was caused by Miss Frances Fuller, could not be entirely finished, performance, since three weeks at the time allotted had been spent upon the rehearsal of another play educating in account of difficulties with the cast. Though a little rough, yet in the interpretation of two or three of the major parts of the drama, and in the excellent business of minor minor ones, in the scene of the second scene, and in the character and mood of the productions of Palestrina and Arriett to be held during Christmas; the proceedings of the Quaker and Arcadelt, to the modern Italian, Russian and Belgian composers, as by Verdi, Ravel, G. ATHLETIC MEETING VOTES FOR OUTSIDE BASKETBALL

Soccer and Walking Wanted for Exercise in Winter—Council Decides

Beginning with the election of K. Rahn, '23, as college cheer leader, the Athletic Committee is planning to increase the number of entering basketball games, I, 30's for tennis and basketball, and took turns of the, morrow's relish, and attended the Philadelphia Christmas parties. Among the Philadelphia Christmas parties, and between the election of the Class of 1922.

FRESHMEN TO GIVE MODIFIED SHOW WITHOUT STAGE

The decree forbidding a Freshman Show has been amended so that the show may give a show, but on a simplified scale. Bitas Thomas wished them to have a "spectacularly unimportant" show for the benefit of the class and for the selection of such a play, the presidents of the classes appointed a committee of five to choose a play from the list of plays given by each class. The members were: K. Goldsmith, 22; H. Humphreys, 21; C. Eyre, 21; P. Cowen, 21; M. Constantine, 21 and R. Fothergill, 21. After several meetings, they agreed, contrary to Miss Thomas's direction, that the play to be produced would be either "Huckleberry Finn" or "The Adventures of Tom Sawyer." They chose the latter, the master with President Park, and as a result the show of Freshmen this year will be adapted to the scale they have planned to show. It will be a Freshman May-day skit, there will be no stage, and the date has been postponed until March 9th, but it may not interfere with Midyear.

STAGE CENSORSHIP BEGAT IN ROCHEFELLLER

Seniors of the Graduate School of Rockefeller held a formal debate this evening on the subject, Resolved: That plays produced by the university should be subject to stage censorship. The debate was judged by the audience and followed by general discussion.

The debate was held as a result of a challenge from the graduates to the Seniors of this college. The debate was on the question of the audience of the whole ball and visitors of the Gray and M. Dunn made up the Seniors. The debate was the result of another argument the students. The subject of the debate was selected by the Seniors who defended the negative side.

Juniors Win Hard Victory from Seniors on Second

With the loss of the first game of the finals as an incentive, the Junior second team defeated the Seniors, 5-2, in one of the most exciting games of the season.

At the beginning of the first half the Seniors rushed the Junior territory and kept the play down to the Juniors' twenty-yard line. In spite of the consistent speed and accuracy of the Blue defense, the Green team scored twice, while Dupont forward line skirmished the ball all toward midfield but only to lose it to the Senior star (John) A. Clements.

In the second half the Light Blue line rallied desperately and began a strong offensive. A minute after the ball was put in play, E. Melcher dribbled down the field to shoot Dupont's first goal. The Seniors fought hard but were unable to stop the attack of the Juniors forwards who scored again, and then again. During the last part of the game the aggressive teamwork of any sort and neither side scored. Line-up was:

TREASURER-Turned in Final Game

Not daunted by a slight but steady snowfall, the Seniors and Juniors played the last game of the second team finals yesterday afternoon. The Seniors receiving the overrider of the previous game won by a victory of 5-2 and carried off fifteen points toward the athletic championship.

The line-up was:

SENIOR TEAM

1923 Vs. 1926

Red Smith scored a decided victory, 5-0 against his rather thinly depleted team of Freshmen last Wednesday. The Dark blue team with its eight players was unable to prevent the winning forward line from piling up the score, although the defense showed itself apt at being in more than two places at once.

The line-up was:

FIFTH TEAM

1923 Vs. 1926

The Freshmen, victorious in the first game of the preliminaries, were held to a tie of 3-3 on fifth team by the Seniors last Wednesday.

Making good use of its speedy forward line, depending especially on the clever play of M. McFarley, the Freshmen, lead all the last few moments of the game when the Seniors rushed the goal and brought the score to a tie. Throughout the game the Senior center showed herself a reliable defense for the Seniors, and with M. Wyler, for the Freshmen.

The Seniors won the second game of the preliminaries against the Juniors last-Friday by default.

Seniors reception to the Freshmen will be on Sunday, December 19, and will take the usual form of dance and sport.

BRYN MAWR DELEGATES GO TO SELF-GOVERNMENT CONFERENCE

Florence Marion 22, President of the Undergraduate Association, and Pamela Coyne 24, Vice-President of the Self-Government Association, represented Bryn Mawr at the Woman's Inter-Collegiate Student Government conference held from Thursday to Saturday last week at Randolph-Macon College. Ninety delegates from the east and middle west attended the conference.

Discussion was carried on in open and closed meetings and topics dealing with student government and general college problems were considered: honor system in examinations, responsibility of upper-classmen, the relation of freshmen to self-government. In connection with this last the association is trying to introduce the honor system in examinations, and that students may be prepared for such an organization when they come to college. In a discussion of general college problems a point was made to explain which is superior in the Bryn Mawr system in that it makes a distinction between temporary and permanent offices.

The delegates were hospitably entertained at Randolph-Macon. The Rotary Club of Lynchburg gave a dinner in their honor, a play was performed for them, and they were taken on a tour of Sweet Briar College.

HAVERTFORD MENTAL TEST SHOWS REMARKABLE RESULTS

According to the Philadelphia "Public Ledger" for November 25, Havertford College surpassed seventy-seven other colleges in a test recently given to freshmen classes for mental ability.

Her score, 118.5, was 18.2 better than that of Reed College, that came in second and 5.2 better than Lincoln University, the lowest in the list. John Hopkins, Columbia, Pennsylvania, and Weygester Polytechnic were among the universities that competed.

Wayne Jackson stood highest at Havertford, with a score of 160 from a possible 200; Francis J. Noeck, William E. Moud, Frederick Konelehim, and 1 Lloyd Ellberg coming next in order. As a class, 1926, scored over 1925's last year score by 29 points.

Dr. Lecht will continue his talk on conditions in Germany, in Chapel Wednesday morning.

SUMMER SCHOOL COMMITTEE TO REQUIRE ECONOMICS

desirable student. Younger girls who seem suitable candidates will be advised to wait until they are twenty-one, and in the meantime to attend local classes. The Committee also reaffirmed its policy of drawing students from every section of the United States. In spite of the expense of travel from the far west, the students themselves feel that this "broad knowledge" won from every part of the country, representing different types of experience, is one of the most valuable features of the School.

Finances to be Systematized

As the third year of work is starting, the Committee hopes to systematize the organization of finances, securing if possible pledges of scholarships to be paid over a period of years. Two hundred dollars will come a scholarship for one student at the School, and it is the hope of the Finance Committee that from time to time civic, industrial, and collegiate groups of women will undertake to raise one or more scholarships every year. At present, in every district the Finance Committee is starting work on the new budget, and hope to have funds for next year before the first of February.

"From district reports, and letters from the students themselves, it is interesting to see that a large number of students wish to take extra courses, and ready to give extra hours to teaching the School this winter. In every section of the country, students are speaking for the School, interested able candidates to apply for next year, helping to raise the scholarships and organizing study groups. Even in communities where there is only a single Summer School student, reports have come back that a class has been started, or a committee organized to work for the School. A number of students who have not been able to find teachers have undertaken to teach classes themselves, with the help of syllabi and reading lists. Many students write that for the first time they have joined guide libraries, and are delighted to find some old friends from the Summer School classes on the shelves. In this continuation of study, carried on in so many ways against great odds of fatigue, long hours of work and many home responsibilities, is shown the real result of two months on the Bryn Mawr campus."
