Canaday Gift To Finance Cost Of New Building

An anonymous gift of $616,000 made to the College last January, has been announced as a gift to Mr. and Mrs. Ward M. Canaday, in memory of Marjory Canaday, Canaday, '06. The money was carried Bryn Mawr over the top six months early in its third year drive to match the terms of the Ford Grant.

The Canaday gift is a first do­

tion toward to building a house to house a small group of girls and girls. This building would supplement A.B. 1965. It would be equipped with a seminar space for medium-sized groups and would be equipped with ac­

oustical considerations to help in leading Masters classes. It would also be equipped with a permanent slide projector, stim­

ulating the need for the clumsy portable equipment now used in Yearbook.

The key plans for a site, the design, and construction will not be forth­
nowing in the next few years. The major con­

cerns of the administration in the area of construction at this time is the expansion of the library, now in the planning stage.

Admissions Office Names New Head Elizabeth Verney

Elizabeth Verney

Miss Elizabeth G. Verney of Westbrook, Connecticut, has been named the new Director of Admis­
sions of the college.

Miss Verney, who was gradu­

ated from Bryn Mawr in 1958, holds an M. A. degree in philosophy from Western Reserve University and is presently a doctoral candidate at the University of Chicago, where she has recently been a member of the faculty of the Speech New York City.

Miss Verney succeeds Mrs. T. Robert Strobridge, who was named to Chapel Hill, North Carolina, where she has been in joining the faculty of the University of North Carolina. Miss Verney will begin work September 1, 1965. Alumnae News April 1965
innovations

A description of the academic year new ending can be largely summed up in one word: innovation. New institutions have sprouted up much like the spring dandelions, changing the governmental structure of the campus, and the rules by which we live in the dormitories. Within the structure of Undergrad, one organization has changed its name, and another has been created. A Committee became a campus-elected office, after a small tempest temporarily split the campus. In imitation of Haverford, a Committee of 29 was created to undertake UG's opinion. Both changes were made, conditionally to be reconsidered after their efficacy has been tested. Marjorie Ernest, Chairperson, of the Committee of 29 has already brought action in helping effect a system of meal exchanges with Haverford.

In the spirit of this most liberalizing of the years, beginning of the year saw the liberalization of the rules regulating men in the rooms, and second semester, they liberalized the rules regulating women. Both have worked out well and both bode good for any further considerations of mental rule changes.

In the physical face of the college has changed. The new physical sciences building opened for business last fall and Edmonson became a reality instead of a rather ephemeral dream.

Some changes, it is true, are not so good. The hiring of armed guards to patrol the campus is an unfortunate, but necessary, evil. I wish to express my sincere thanks for the co-operation given in carrying out the rules, but I was not before them. I have been observed with, very few exceptions.

I have had the opportunity and the thankfulness meeting many students, and have been impressed with the attitudes and conduct of students at Bryn Mawr College. I hope you have a very pleasant semester and that you are able to do the things you would like to do. Thank you very much.

Sincerely,

Everett C. Mullen

Meals Exchange Effected For Fall

In Joint Meeting

Going into effect next September will be the meal exchange program for the fall term. The purpose of this plan is for Haverford to facilitate students taking classes at Bryn Mawr to have lunch at the school where their classes will be held.

The plans are as follows:

1. A program will be adopted at each school in which students will be able to eat at the schools from which they have lunch.

2. As a possible, a meal-exchange system will be adopted at both schools. Each student will be assigned a rooming-house and will be seated at those dorms from which he is not to eat.

3. To judge dining halls will be on a recognition basis rather than using tickets or any other device. Within a week after the meal-exchange plans are put in effect, students who eat in the same school will exchange student catalogs for this year.

4. Financial arrangements for extra students not included in the one-for-one exchange agreement will be worked out between the two schools.

To provide for guest exchanges between the two schools, a meal-exchange list arrangement has been tentatively adopted. Careful account will be kept of the effectiveness of the list, and it will be dis- continued at the end of the year if it is not satisfactory.

The provisions of the plan are as follows:

1. The arrangement will be kept only between the two schools.

2. The meal-exchange list arrangement will be in effect only Friday dinners, Saturday lunches, Sunday lunches and dinners.

3. The students themselves, through the meal-exchange list, will be the only ones who do not replace a person dining at the other school will pay the regular price.

4. Neither school will change meal plans or Sunday meals to accommodate the other.

The Office of Admissions has announced some of the data on Bryn Mawr's freshman class of 1969, which is presently about 236 strong.

Out of the 400 girls, 46 per cent applied for scholarships, an appreciable increase over previous years. However, only 30 per cent will enter on scholarship money, approximately the usual number.

There will be eight Negro students in the freshman class, coming from all over the country. Carol Brown, from Memphis, has won third prize in the poetry division of the Atlantic Monthly's writing contest.

Due to the increased space for residence, the college has been able to offer residence to all students living in the Philadelphia area. Mrs. T. Robert S. Broughton, director of admissions, was pleased to announce that there will be no non-residents in next fall's entering class.
